Privacy Policy

1. Introduction Open Source Fun is dedicated to protecting user privacy while enabling AI funding and model training with investor data. This Privacy Policy explains how data is collected, used, stored, and protected when interacting with the platform. By using Open Source Fun, you agree to the terms outlined in this policy.

2. Data Collection

- We collect data provided by users, including but not limited to investor insights, interactions, and platform activity.
- Additional data, such as usage patterns and system interactions, may be collected to enhance AI model performance.
- The platform may use cookies or similar technologies to improve functionality and personalize user experience.
- Data from third-party services may be integrated for analytics, fraud prevention, or service improvements.

3. Use of Data

- Data is used to train AI models, enhance platform functionality, and improve investment analysis.
- Aggregated and anonymized data may be used for research, analytics, and further development of AI capabilities.
- The platform does not sell or distribute personally identifiable user data to third parties.
- Data may be shared with trusted service providers who assist in hosting, processing, or maintaining security, subject to strict confidentiality agreements.

4. Data Storage and Security

- Industry-standard encryption and security protocols are implemented to protect user data from unauthorized access.
- Access to data is restricted to authorized personnel only, with role-based controls in place.
- Backups and redundancy measures are maintained to ensure the integrity and availability of critical data.
- Users are responsible for safeguarding their account credentials and should report any unauthorized activity immediately.

5. Data Retention and User Rights

- Users have the right to request access, modification, or deletion of their data within platform capabilities.
- Certain data may be retained as required for legal, regulatory, or security purposes.
- Users may opt out of specific data collection practices, although doing so may affect platform functionality.
- Requests regarding data access or modification should be submitted through official communication channels.

6. Third-Party Integrations

- The platform may include integrations with third-party services, tools, or APIs to improve user experience.
- Data shared with third parties is subject to their privacy policies, and users are encouraged to review their terms before using such integrations.
- Open Source Fun is not responsible for data handling practices of external platforms.

7. Policy Updates and Changes

- This Privacy Policy may be revised periodically to reflect changes in laws, regulations, or platform functionality.
- Users will be notified of significant updates via official announcements or direct communication.
- Continued use of the platform after updates constitutes acceptance of the revised Privacy Policy.

8. Contact Information For any questions, concerns, or requests related to privacy, users can contact the platform team through official support channels.
