

## **Terms and Condition**

1. Introduction. Open Source Fun is a platform dedicated to AI funding, leveraging curated investor data to enhance AI model training. By using this platform, you agree to comply with these Terms and Conditions.

### **2. Use of Services**

- The platform provides resources for AI model training and data analysis.
- Users must comply with all relevant laws and ethical standards.
- Unauthorized access, data scraping, or reverse engineering of AI models is strictly prohibited.
- The platform reserves the right to modify or discontinue any part of its services at its discretion.

### **3. Data and Privacy**

- Users may provide data to train AI models; submission of such data grants the platform a non-exclusive, royalty-free license to use it.
- The platform does not guarantee the accuracy or completeness of data.
- User data is not sold to third parties and is used solely for improving AI models and internal research.
- Data security measures are in place to protect information, but users acknowledge that no system is entirely immune to breaches.

### **4. Intellectual Property**

- AI models and outputs generated using the platform remain the property of Open Source Fun.
- Users retain ownership of their original data but acknowledge that AI models may derive insights from aggregated data contributions.
- Unauthorized reproduction or redistribution of AI-generated outputs is not permitted.

### **5. Liability and Disclaimers**

- The platform is provided "as is" with no guarantees of accuracy, reliability, or suitability for specific purposes.
- Users assume full responsibility for decisions made based on AI-generated insights.
- The platform is not liable for financial losses, business disruptions, or inaccuracies resulting from AI-generated outputs.
- The platform may experience downtime or technical issues; no guarantees are made regarding uninterrupted access.

### **6. Updates and Modifications**

- These Terms may be updated periodically. Continued use of the platform constitutes acceptance of any modifications.
- Users are encouraged to review the Terms regularly for changes.

### **7. Termination**

- Access to the platform may be restricted or revoked if users violate these Terms.
- Users may discontinue use at any time; however, previously contributed data may continue to be used for AI training.

For any questions or concerns, contact the platform team through official communication channels.
